WHAT IS RAZ-KIDS?

Raz-Kids is an award-winning literacy program that provides comprehensive leveled reading resources for students with hundreds of eBooks offered at 29 different levels of reading difficulty.

HOW DOES RAZ-KIDS WORK?

Kids access their leveled text through an interactive learning portal designed to keep them motivated and engaged. Every eBook is available in online and mobile formats, and allows students to listen to, read at their own pace, and record themselves reading. Students then take a corresponding eQuiz complete with an extended answer response to test comprehension and determine future instruction needs. Once a child has read ten or more of the leveled eBooks and passed each of the corresponding eQuizzes, they advance on to the next reading level where they have access to lengthier and more difficult text.

HOW DOES MY STUDENT ACCESS ASSIGNMENTS?

Once students are on Raz-Kids, they have access to several features if their teacher has assigned it to them.   These may include: the book room, messages, the Robot Builder, the Records-Flight Check, and Raz Rocket. In order to automatically move to a new reading level, students need to do ALL 3 activities for each book in their assignment which are the listening activity, the reading activity, and the Quiz.

WHAT ARE THE BENEFITS FOR STUDENTS?

Raz-Kids helps students improve their literacy skills by offering leveled reading, interactive tools, digital incentives and rewards, and digital reporting to the teacher. Teachers can then use what they learn from the student's data to tailor individualized instruction best suited for each student.

IS RAZ-KIDS ACCESSIBLE WITH MOBILE DEVICES?

Raz-Kids is available on iPhone, iPod Touch, iPad, Android devices, and Kindle Fires by means of the Rad-Kids App. To download the Raz-Kids App on your device, visit: https://www.raz-

kids.com/main/ViewPage/name/tc-mobile/context/teachercorner or go to the iTunes, Google Play, or Amazon App Stores.

HOW TO ACCESS RAZ-KIDS AT HOME?

Accessing Raz-Kids Using the Clever Dashboard
To get to Raz-Kids, go to your student's Clever Dashboard and click on the Raz-Kids icon. It will automatically login your student.

Accessing Raz-Kids on the Raz-Kids Website
You can also go directly to the Raz-Kids sign in page at https://www.kidsa-z.com/main/Login. Put in your teacher's username. Click on the icon with your child's name on it. Either type in their password at the prompt or select your child's password picture. You can find these on your Student Information Card.
